After 6 hugely successful months at Bar Rumba The Doctor's Orders are moving their On The Real night to South London's home of Hip-Hop, Brixton's Plan B. Now boasting the dream team residents line up of London's most respected and prominent Hip-Hop DJs. While the musical philosophy of playing only the very best in underground Hip-Hop and Soul remains the same we have a new resident in the shape of Choice FM's DJ 279 who joins Shortee Blitz, DJ MK & Spin Doctor. With a second room hosted by Trill hosting & dedicated exclusively to Dirty South and West Coast Hip-Hop this is the not to be missed night in South London.

For the first of our nights at Plan B we are throwing a residents party that will be blessing The Doctor's Orders faithful and our new South London fans to a night of only the very best sounds around.

Shortee Blitz is a shining light of the Hip-Hop scene in the UK. Whether supporting traveling US stars, holding it down on one of his weekly Kiss FM show or tearing the roof off clubs all over the globe one thing is for certain and that is that this MOBO award winning DJ is always going to be spinning with a smile on his face. Even more so now he is a resident at for a night dedicated to the Hip-Hop & Soul styles he truly loves.

DJ 279 has been rocking the airwaves since 1992 on London's Choice FM. With MOBO nominations coming thick and fast alongside other awards throughout the year and gigs around the world it is fair to say that Numbers has the ear of the underground with every MC worth his weight in gold plaques coming through the show to shout out London.

DJ MK first came to prominence through his now infamous mid 90's mixtapes that are still the prize possessions of those wise enough to keep their tape decks well oiled. They now represent the blueprint for the sounds that MK will be spinning at this new night. When away from his day jobs as Roots Manuva's DJ & as Kiss FM's Thursday night Hip-Hop DJ extraordinaire he will be found doing what he does best, rocking crowds with the sounds of his beloved Hip-Hop.

Spin Doctor is the driving force behind the phenomenal success of The Doctor's Orders and while not planning domination of the UK's party scene is most at ease behind a set of decks. The early influence of his 5 older brothers and

sisters record collections developed into an obsession with soul tinged music of all styles which he uses to this day when treating dance-floors to his fearless sets of party platters.

Trill is hosted by a pair of brothers that are some of London's hungriest and most knowledgeable promoters. Their night is dedicated strictly to West Coast and Dirty South Hip-Hop from Crunk to G-Funk. With residents including Hip-Hop Karaoke's Rob Breezy with offers the perfect room 2 alternative for those that want to get crunked up!
